

This is to certify that  
**Scott Cables Ltd**

---

Unit 7 Merlin Park, Airport Service Road, Portsmouth, Hampshire, PO3 5FU

Has been assessed  
by Timothy O'Brien for Nettitude Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Scott Cables Ltd

Certification date: April 23rd, 2020

Recommended re-assessment date: **April 22nd, 2021**

Certificate no.: 8066615070044627

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
